

October 7, 2020

Dear LivGenerations Residents and Family Members,

We hope you are enjoying the changing of season and the new family visitation opportunities. Below is a recap of the visit options that are available. The regulations surrounding these different types of visits are set by the Arizona Department of Health Services. Please contact your Executive Director or concierge if you have questions regarding visit availability, protocol and scheduling your appointment.

Visitation Option 1: NO COVID TESTING REQUIRED

- Visits last for 30-minutes outdoors or in a designated area
- Visits are socially distanced and all parties must wear their masks
- Only 2 visitors per guest allowed per visit

Visitation Option 2: 2-DAY PASS, "NON-DESIGNATED VISITOR" WITH NEGATIVE COVID TEST

- Visits may last up to 1 hour or less in the apartment home and/or designated visitation space. Visitor presents a negative COVID test (antigen or PCR)
- Test results older than 4 days past the day the test was administered is considered expired and visitation is denied
- Visitor is screened and signs an attestation that they have isolated since the test date
- Visitors are limited to no more than 2 people at a time (all visitors must have negative COVID test results)

Visitation Option 3: "DESIGNATED VISITOR" STATUS WITH NEGATIVE COVID TEST

- Resident selects up to two (2) family members or individuals as a "Designated Visitor"
- Designated visitors may be revised on a monthly basis
- Designated Visitors will be able to visit with the resident in their living space or identified visitation areas on a daily basis for up to 4 hours a day with a valid negative COVID test result
- Copies of negative test results must be provided to the community and are good for seven (7) days from the date of the test

- Designator visitors must provide a copy of the results each time they visit
- Designated Visitors will be screened and required to sign an attestation form each visit

Visitation may be postponed and/or revoked if a community experiences a significant increase in COVID cases or visitors are non-compliant with protocols.

Current COVID Case Counts:

Today, October 7, across all LivGenerations communities, we have no (0) residents and no (0) team members with active case of COVID-19.

Thank you for your time reviewing these visitation policies. If there are additional questions please direct them to your Executive Director or email the task force at livwell@livcommunities.com.

Sincerely,
The Liv Well Task Force
